# **MEMBER** **DASHBOARD**

# Connecting Consumers with Goods & Services

The primary role of FacilityAXS is to connect consumers worldwide with local businesses listed in its directory

Each listed business receives its own privately branded, password-protected Dashboard, which gives them access to a wide range of online marketing tools, based on the Marketing Plan they select.

- With these marketing tools, businesses can promote their goods and services online locally, nationally, and globally

Through all the known search engines, consumers worldwide can find and interact directly with businesses offering the goods and services they seek

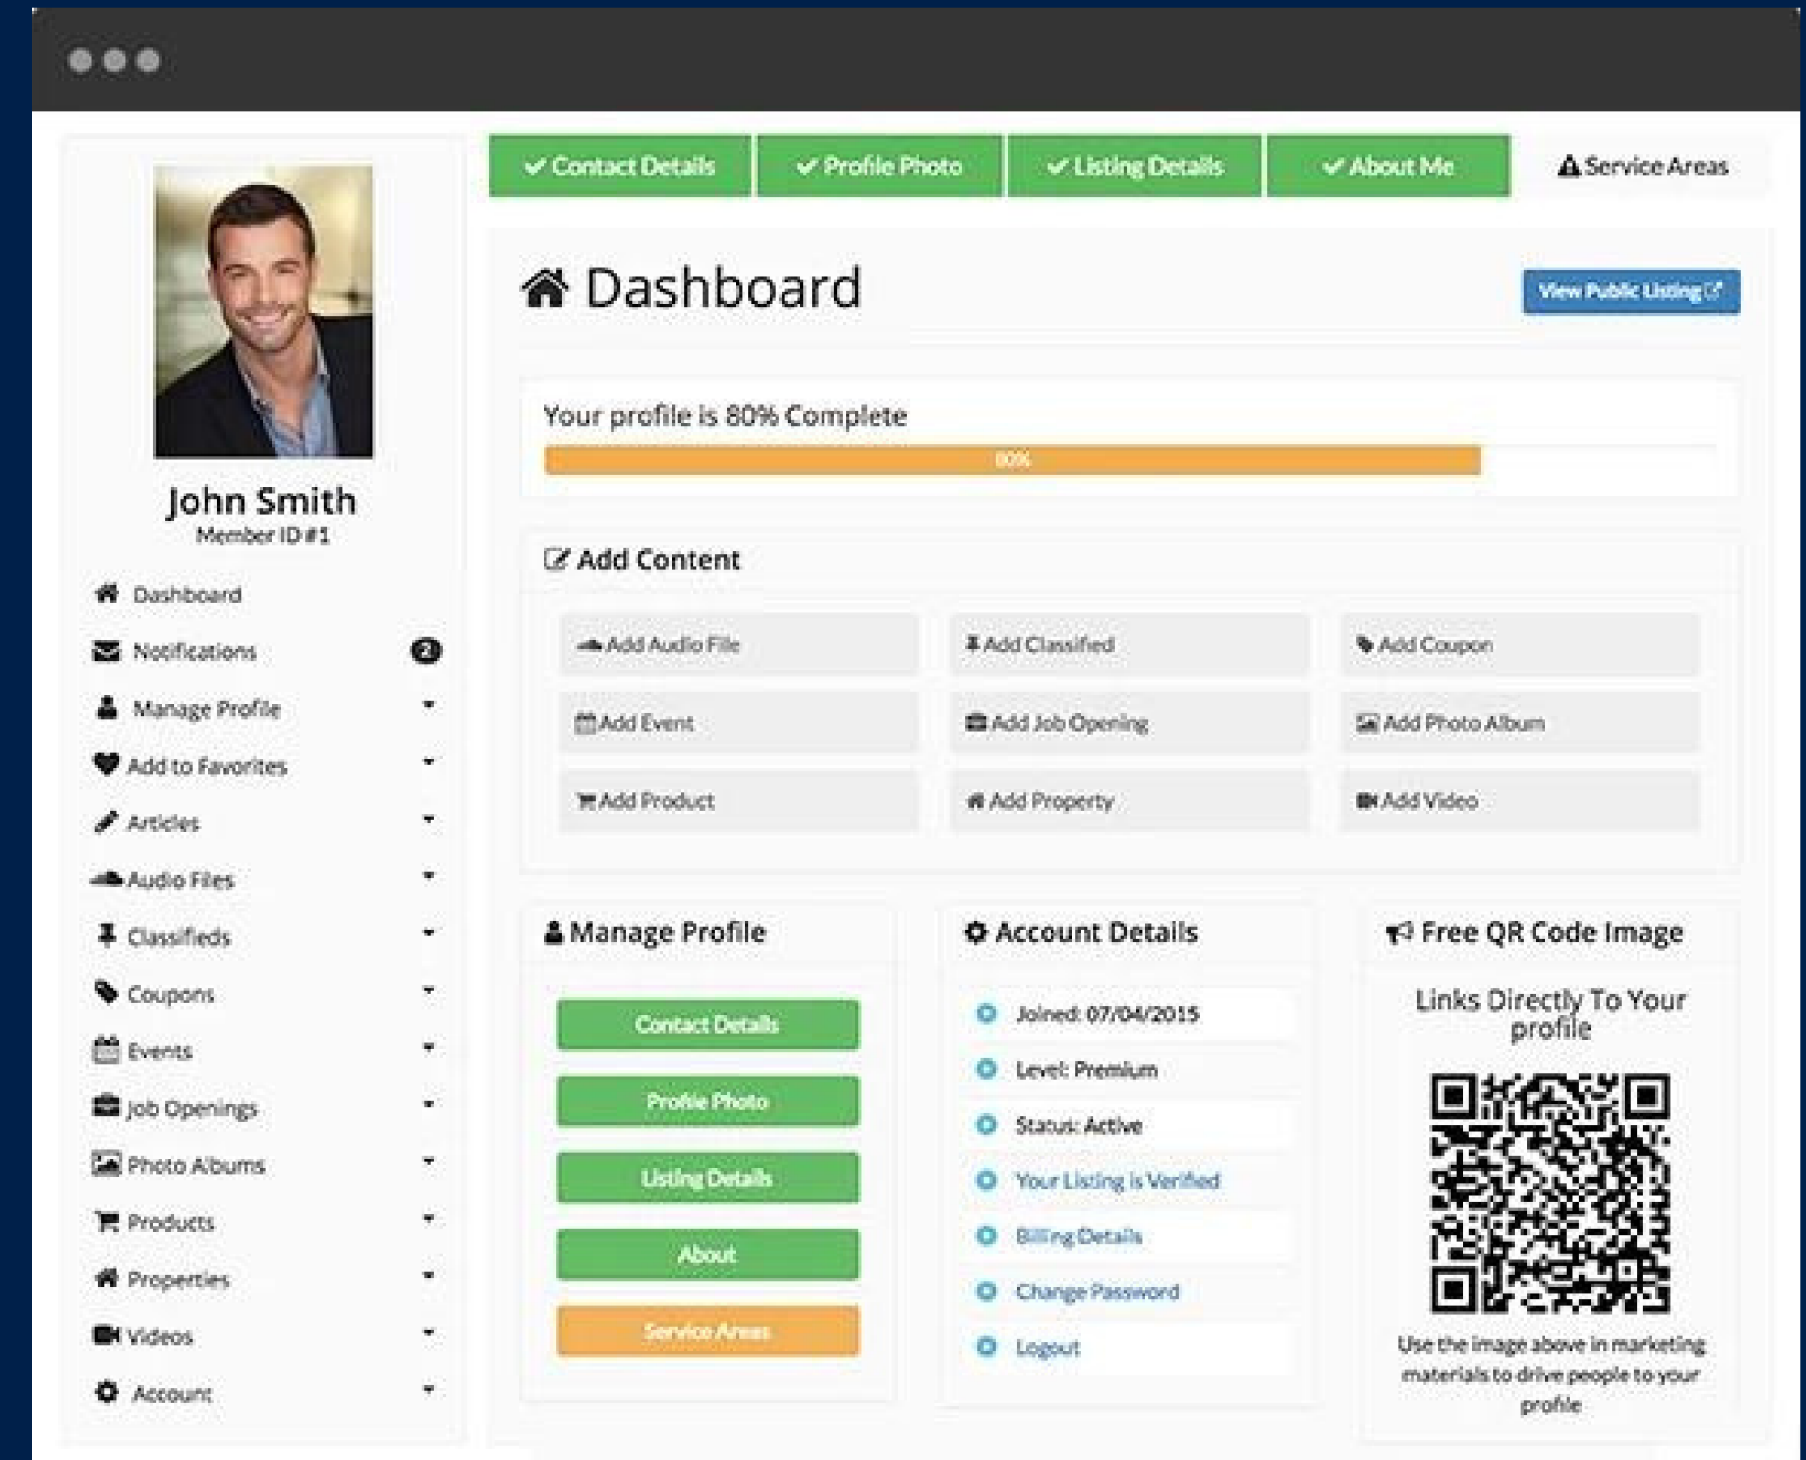

# MARKETING TOOLS

Through their own privately branded Dashboard, depending on the Marketing Plan selected, FacilityAXS makes dozens built-in Do-It-Yourself (DIY) marketing tools accessible to each member business in two categories, General and Specialized.

Depending on the Marketing Plan selected, these built-in marketing tools enable listed businesses to manage and control their online marketing efforts from one place.

### About FacilityAXS.net

FacilityAXS was founded based on the rich background and experience of Sam Harrell and his business associates. FacilityAXS is a product brand of S. C. Harrell Consulting Services (SCHCS), which was established to help small to medium-sized businesses reach that next level, without losing their personality. Modeled after some of the best marketers in the world, we have created a dynamic company of consultants who have taken a small business in hand and turn it into a growing, dynamic powerhouse.
